Resolutions

SCR-94-099 A Resolution to Change the Membership of the Select Committee on ASG

Chair Crayton asked Chair Woodward to preside since he was a part of this resolution.

Vice Chair McClelland said they have recently had some trouble meeting quorum at their meetings because a lot of people on the committee couldn’t make the Wednesday meetings. Last time, they only had 4 people there and couldn’t make quorum. He said they narrowed the list down so they can make quorum easier. He said he asked Representative Gilmore if he would be involved but hasn’t heard back from him. This resolution lists people who have committed to the committee.

Chair Burney asked if he was confident that these people would attend these meetings.

Vice Chair McClelland said yes.

Chair Crayton said he understands having 4 delegates as ex-officio members but having more voting members might be beneficial for quorum just in case two of the people listed have a conflict.
Chair Burney said if they have four voting members, they could have a tied vote.

Vice Chair McClelland said these meetings were more of a brainstorming session.

Speaker Comparato said she doesn't know if they could make two of the ex-officio delegates voting members. She asked if they voted on things.

Vice McClelland said no, the committee is just for discussion and brainstorming session.

Chair Crayton said he was happy with it then. He moved to report favorably.

Seconded.

Consent was called and the resolution was passed.

**Bills**

**SCB-94-102 A Bill to Protect the Security of SG Employees when Submitting Timesheets for Salary Disbursement**

Speaker Comparato spoke for the bill. She said that SAFO didn't want people submitting their social security numbers on their timecards because they don’t need it for funding. It’s a minor detail to change it to have their PID listed.

Vice Chair McClelland asked if there was any reason why that would be needed.

Speaker Comparato said if the social was needed, it’s in the university system anyways.

Chair Woodward said timesheets are public record and they are not allowed to have people’s social securities out on public view. SAFO was concerned about that because it could open them up to liabilities.

Vice Chair McClelland moved to report favorably.

Seconded.

Consent was called and the bill was passed.

**Announcements**

Chair Crayton said the constitutional reform subcommittee was having a meeting after this just to plan.
Representative Pace, a senior class marshal, made an announcement about the senior campaign donations and publicized the He’s Not event for tonight and Pulse event for Thursday.

Speaker Comparato said that Congress is pit sitting on Thursday and Friday to help people running in the special election and answer any of their questions. She said that 55 people are running for 9 seats. The pit sit could help out freshman a lot and it would be great if any members could sit out and help.

**Adjournment**
Representative Dunnagan motioned to adjourn.

Seconded.

Consent was called.

Chair Crayton adjourned the meeting at 8:08 PM.
