I. Call to Order
Chair Stelpflug called the meeting to order at 8:01pm.

II. Attendance
The following members were present: Representatives Clark, Lucas, Norris, Rosa, Saraiya, Tollini, Chair Stelpflug, Vice Chair McClelland, Speaker Pro-Tempore Guzek, Speaker Brady.

III. Establish the Schedule of the 95th Congress
Speaker Brady introduced the resolution to establish the schedule of this session of Student Congress and noted that the Congress will meet the week of fall break.

Speaker Pro-Tem Guzek moves to report favorably. Consent was called, no objections.

IV. Codify Director of State & External Affairs
Student Body President Lambden introduced the bill as creating a new position, and the position worked over the summer with the legislature and the Board of Governors.

Speaker Brady noted that more legislation including the process to select the position will be forthcoming should this legislation pass.

Chair Clark asked if Shelby Hudspeth (current Director of State & External Affairs) helped craft the bill. SBP Lambden said that she did.

SBP Lambden said that Shelby was very active in the state legislature while she was here. Unfortunately she was out of the country when some bad things went down.

Speaker Pro-Tem Guzek asked if there is there a team to work with her.

SBP Lambden said that she has been able to handle everything that has come her way, but I would look at a committee. Unfortunately, a past committee that was similar was inefficient

Speaker Brady noted that Carolina is the envy of other schools for having this position and noted that the current executive officers of ASG attempted to get Shelby to work in a similar capacity for them. He moved to report favorably. Vice Chair McClelland seconded, consent was called, no objections.
**V. Bill to Change Veto Override Procedures**

Rep. Conor Winters stated that the bill changes how Congress hears vetoed legislation and basically gives Congress 20 minutes to debate a vetoed bill and removes confusing wording.

Speaker Brady stated that he is personally opposed to changing a vote to a yes in support of overriding and flip flopping what members already knew, and noted that if a presiding officer notes the process, it is not confusing.

Chair Stelpflug noted that he likes the substance of the bill, and adding in debate before voting on a veto override.

Several members of the committee made grammatical changes to the bill.

Chair Stelpflug moved to report favorably. Seconded, consent, no objections.

**Adjournment**

Vice Chair McClelland moved to adjourn. Speaker Brady objected to announce the Congress appointments would be coming in future cycles.

Speaker Pro-Tem Guzek announced he would be organizing outreach efforts.

Vice Chair McClelland moved to adjourn. Speaker Brady seconded, no objections. The meeting adjourned.
